CARBONYDRATE Project Approval

REFERENCE: MSA-M-4572, SLOI, 4870

1. Project CARBONYDRATE is approved for the period 1 January through 30 June 1940, with a total allocation of 1300 Westmarks to SOB for this period to cover salary payments and an additional \$100 for travel expenses.
2. Although the project outline makes no mention of continuing the agent's monthly deposit of 400 Westmarks in the West, we assume this still to be the case and request that you notify Karlsruhe and Headquarters accordingly. We will make revision in the project outline, upon hearing from you.
3. Please give us a more exact accounting of the cost and extent of CARBONYDRATE's travel, since \$100 does seem a rather large amount for what we understand to be merely travel between the Russian and the American sectors of Berlin.
4. If the necessity arises, we should certainly approve your taking the steps listed in paragraph 12 of the project outline. We feel that CARBONYDRATE's long and valuable service has earned for him such a responsibility on our part.
5. We would appreciate a current progress report, the last received being MSA-M-4572 of 30 November. We are interested in knowing whether CARBONYDRATE has advanced in his planned transfer to the NY Volkspolizei, which SOB recommended in MSA-M-4570 of 30 November.
